FANCY STONES & SETTINGS

Fancy Stones are available in numerous shapes, ranging from classical gemstone-inspired cuts to progressive trend cuts. They come in a huge assortment of different sizes and colors. Showing either a faceted or flat reverse side, Fancy Stones can be glued into pre-cast cavities or used in metal settings. Their precision-cut facets ensure the highest brilliance and lend design ideas a unique sparkle.

Settings are unplated or plated brass components, each specifically tailored to a Fancy Stone, that secure the crystal and allow for a myriad of application possibilities, including, but not limited to, sewing, soldering, and gluing.

OCEAN MYSTERIES DESIGNED
BY CÉLINE COUSTEAU

Design Story: A love for the sea runs through her veins: Céline Cousteau is a celebrated filmmaker, humanitarian, and environmentalist, and, as it so happens, the granddaughter of legendary ocean explorer Jacques Yves Cousteau. She presents her first ever crystal designs for Swarovski, inspired by one of her favorite places, the depths of the ocean. Taking inspiration from nature itself

and leaving its beauty unaltered, her stunningly life-like creatures are not only captivating and spellbinding, they also draw attention toward the mysterious, mostly unseen, and unexplored world beneath the ocean's surface on which all ocean life depends. These mysteries need to be protected for future generations, both above and below the water.

ATELIER MUNSTEINER FOR SWAROVSKI

Vision Square Fancy Stone

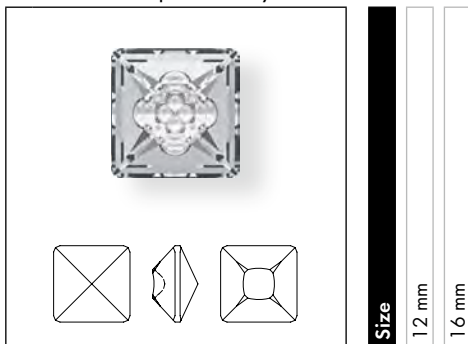

The new Vision Designer Edition marks the first ever collaboration between Swarovski and Atelier Munsteiner, a German design house renowned for its multi-award-winning gemstone cuts, fine jewelry, and sculptures. The family-owned company's third-generation master craftsmen have drawn upon many years of experience to develop this stunning crystal innovation exclusively for Swarovski.

The Vision Designer Edition combines the uncomplicated appeal of simple cuts with the playfulness of mirrored reflections. These ingeniously crafted design elements

bring to mind frozen water, with mysteriously encapsulated air bubbles forming a perfectly geometrical, flower-like shape within the crystal. It is available in three of the most popular shapes for Jewelry and Accessories - the round, square, and hexagon - offering endless design possibilities and making it ideal for use in Glamorous and Progressive creations.

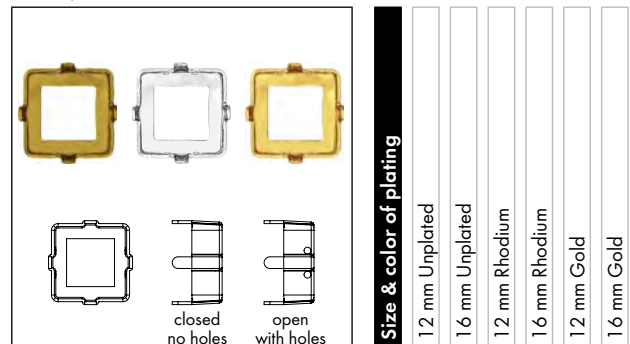

It's the subtlety in the simplicity that makes this Designer Edition truly "VISIONARY."

DESIGNER EDITION

ATELIER MUNSTEINER FOR SWAROVSKI

Vision Hexagon Fancy Stone

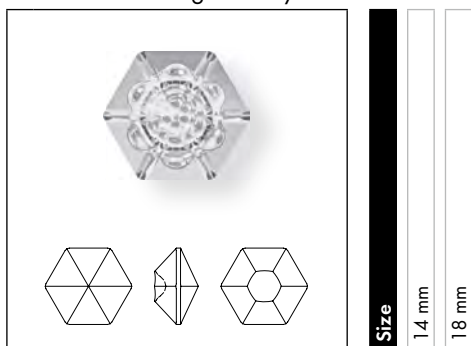

The new Vision Designer Edition marks the first ever collaboration between Swarovski and Atelier Munsteiner, a German design house renowned for its multi-award-winning gemstone cuts, fine jewelry, and sculptures. The family-owned company's third-generation master craftsmen have drawn upon many years of experience to develop this stunning crystal innovation exclusively for Swarovski.

The Vision Designer Edition combines the uncomplicated appeal of simple cuts with the playfulness of mirrored reflections. These ingeniously crafted design elements

bring to mind frozen water, with mysteriously encapsulated air bubbles forming a perfectly geometrical, flower-like shape within the crystal. It is available in three of the most popular shapes for Jewelry and Accessories – the round, square, and hexagon – offering endless design possibilities and making it ideal for use in Glamorous and Progressive creations.

It's the subtlety in the simplicity that makes this Designer Edition truly "VISIONARY."

KAPUTT DESIGNED BY JEAN PAUL GAULTIER

Design Story: While the whole world strives for perfection, Swarovski discovers the beauty of imperfection, guided and inspired by none other than design legend Jean Paul Gaultier. Together with Swarovski's own trend, design and product management experts, Gaultier developed the spectacular Kaputt Collection exclusively for Swarovski. Like its name, the German word for "broken," already suggests, the collection presents a technological innovation that deliberately breaks with convention. It celebrates the appeal of being different and unpredictable, which, according to the designer, is much more exciting than the precise and perfect.

Description: Broken and raw, but elegant at the same time, the Kaputt design captivates with distinctively irregular, partly unpolished, or frosted surfaces that give it an all natural, almost meteoritic appearance. It comes in rich, shimmering metallic colors as well as classics, such as Crystal and GSHA, and boasts the famous Jean Paul Gaultier logo as a laser engraving.

Look: In a world of flawless, artificial beauty, Kaputt mirrors the attractiveness of irregular, natural surfaces for a down-to-earth look that is both rock and chic.

CRYSTAL SCARABAEUS GREEN
DESIGNED BY JEAN PAUL GAULTIER

Design Story: Expressing his desire for an exclusive effect that would match his Kaputt Collection, haute couture icon Jean Paul Gaultier developed Crystal Scarabaeus Green together with a team of experts from Swarovski. For his effect he wanted this precise scintillating shade of green, combined with the mythological shimmer of the Egyptian scarab.

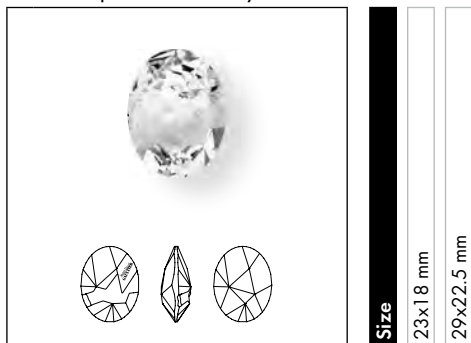

Description: Aptly named, Crystal Scarabaeus Green evokes the magic glow of the scarab, shimmering in green, blue, and purple with a metallic luster that combines bright and shadowy facets to create a stunningly graphic surface.

Look: With its beetle-like glow, Crystal Scarabaeus Green lends itself perfectly to nature-inspired and bold eco-designs. It powerfully mimics nature and sets a rebellious statement for any eco-warrior. However, its shiny surface also evokes an otherworldly appearance that echoes futuristic, stellar avant-garde looks. The metallic rainbow hue caters to the sporty sci-fi appeal that celebrates state-of-the-art technology and transports us into other dimensions.

DESIGNER EDITION

TRIBUTE TO TRIBE COLLECTION
DESIGNED BY CÉLINE COUSTEAU

Design Story: Céline Cousteau, the granddaughter of legendary ocean explorer Jacques-Yves Cousteau, is a celebrated filmmaker, environmentalist, and like Daniel Swarovski a genuine humanitarian. Having been raised with a deep-rooted respect for our planet and all its inhabitants – both in the water and on the land – Céline Cousteau recently took up a project in the Brazilian Amazon region, where she has become an ambassador for an indigenous tribe of roughly 6,000 people living in an area the size of Austria. These tribe members – about

one-third of them considered “uncontacted” – have chosen Céline Cousteau to tell their story.

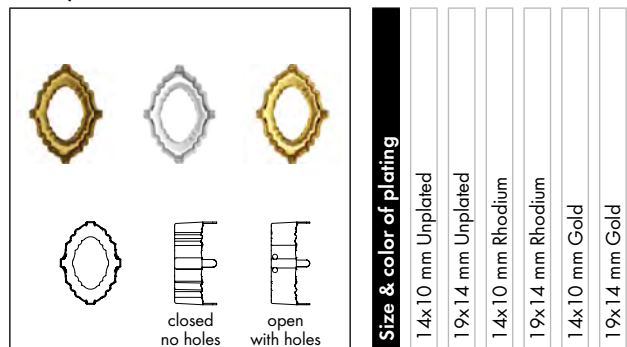

Her designs are inspired by tribal patterns either painted or tattooed on bare skin. They are symbolic of a pristine coexistence with nature and as such are part of a long tradition in which it has always been natural for man to decorate himself, be it for reasons of aesthetics, status, or celebration.
